

The Wonders of nature

WONDERZYME, INC.

VISION

To be the leading provider of natural and sustainable products in the country through continuous research, innovation, and development.

MISSION

We are committed to providing high-quality, eco-friendly, and sustainable products that promote a healthier environment and improve the well-being of communities.

WHO WE ARE

Wonderzyme, Inc. (WZI) is a trusted manufacturer of all-natural, eco-friendly solutions for industrial, institutional, household, and personal care applications. Since 2003, we have been pioneering sustainable alternatives to chemical-based cleaning and disinfecting products.

As a proud member of The INFARMCO Group of Companies, we are committed to delivering high-quality, non-toxic, and effective solutions for a cleaner and safer environment.

WE DEVELOP AND MANUFACTURE PLANT-BASED AND BIODEGRADABLE PRODUCTS DESIGNED TO

- **Clean and disinfect** industrial and household spaces
- Support agricultural sustainability with **Natural solutions** for composting and water treatment.
- Gentle yet **powerful** laundry and fabric conditioner solutions
- Improve **pet hygiene** through safe, plant-based pet care products
- **Eliminate odors** using natural, non-toxic formulas.

COMMITMENT

Our diverse product portfolio serves industrial, commercial, agricultural, and household needs, ensuring that businesses and individuals can choose safer, greener alternatives without compromising effectiveness.

As we continue to innovate, our focus remains on sustainability, offering natural solutions that promote a healthier lifestyle and a cleaner planet.

At Wonderzyme, we believe that nature holds the key to better living, and we are dedicated to empowering communities with products that are safe, effective, and environmentally responsible.
